SECTION Sanitary From
FILE No. 73-12
SERIAL No. 6

Office of the Sanitary Commissioner
with the Government of Mysore,

Bangalore, 24th. March 1913.

From

P. S. Achyuta Rao Esq.,
Sanitary Commissioner with the
Government of Mysore, Bangalore.

To

K. R. Srinivasiengar Esq., M.A.,
Secretary to the Government of Mysore,
General and Revenue Departments, Bangalor

Sir,

1 As directed in Government order No. 6698 Sany 73-12-5 dated the 4th. Instant, I communicated the views of the Government to Dr. M. Srinivasa Rao, Director of the Public Health Institute, and I submit the accompanying copy of his representation on the subject.

I have the honor to be,

Sir,

Your most obedient servant,

P. S. Achyutarao

Sanitary Commissioner.

Letter No. 219 dated the 20th. March 1913 from the Director of the Public Health Institute and Deputy Sanitary Commissioner, to the Sanitary Commissioner in Mysore, Bangalore.

With rference to your Memo. No. J 3541 dated the 12th. March 1913 forwarding extracts from Government Proceedings No. 6698 Sany 73-12-5 dated the 4th. March 1913, I have the honor to request that you will be so kind as to bring the following facts to the notice of the Government.

2. The wording of the Gaz. Notification No. 3427 Sany 99-11-4 dated the 15th. November 1912 appointing me "Director of the Public Health Institute and Deputy Sanitary Commissioner" which is expressly stated to have been issued "in supersession of Notifn No. 4289 Sany 132-10-7 dated the 5th. December 1911" which designated me "Superintendent of the Public Health Institute and Chemical Examiner to the Government", left no doubt in my mind that it was the intention of the Government that I should cease to be the Chemical Examiner and that further orders about that appointment would be issued. When I represented the facts to you immediately after the issue of the Notification, you wrote a D. O. on 16th. November 1912 to the Secretary to the Government reminding him of your other proposals in your letter No. 3587 dated the 7th. February 1912 and requesting him to expedite the orders of the Government.

3. In Gaz. Notification No. 9727 Med. 171-10-5 dated the 26th. May 1911 Government specifically appointed Mr. K. R. Krishnaswami Iyengar as "Assistant to the Chemical Examiner and Bacteriologist" and in doing so practically delegated part of the Chemical Examiner's functions to him. As the early orders of the Government were expected appointing him as Chemical Examiner you authorised me to entrust the Chemical Examiner's work to him during my absence

absence from Bangalore and asked me to go to the Dewan on your behalf and place the facts of the case before him. Accordingly I saw the Dewan on the 16th. November 1912 and represented to him that cholera had broken out at the Cauveri Reservoir Works and that it was difficult for me to leave Bangalore to go to Kannambadi in the absence of any Government order regarding Chemical Examiner. He told me to go at once to Kannambadi entrusting all my work to my Assistant Mr. K. R. Krishnaswami Iyengar.

4. The above facts were embodied in my letter No. 23 d dated the 14th. January 1913 to the Offg. Senior Surgeon in reply to his docket No. 2871 dated the 7th. January 1913 and had it been placed before the Government it would have been plain to them that there was nothing irregular in my procedure and that I was only anxious not to allow medico-legal work to fall into arrears and the course of justice delayed.

5. Finally, the Government themselves in their Proceedings No. 5227-31 Sany 99-11-8 dated the 18th. January 1913, assuming me still to be the Chemical Examiner &&&& expressly say that "there is nothing in law to prevent Dr. Srinivasa Rao from deputing his Assistant to do the bulk of the work."

6. I went to Kannambady on the 16th. and returned to Bangalore on the 22nd. December 1912. In the meantime, the Offg. Senior Surgeon and Sanitary Commissioner had taken charge of his ag: appointment and on the 23rd. December 1912, I called on him at his house and made him acquainted with the delay in receiving Government order on the subject of the Chemical Examiner and requested him to forward another letter to the Government to be written immediately after the opening of the various offices after the Xmas vacation. Then only, I tdld him that I had arranged to go to Thirthahalli early in January and that

definite

definite orders about Chemical Examiner were urgently required. On the 3rd. January 1913, I saw the Offg. Senior Surgeon and Sanitary Commissioner again in his office with my letter No. 1 dated the 3rd. January 1913 and personally requested him to forward my letter to the Government. In the course of conversation, I told him a second time that I would be going to Thirthahalli on 5th. January 1913 and expected to be away for a week. He raised no objection whatever to my going to Thirthahally and I considered that I had given sufficient intimation of my movements to the Offg. Sanitary Commissioner. Just before I left the Office I gave instructions to one of the clerks to send my tappal to Thirthahally. So far as I know there are no standing orders about the Deputy Sanitary Commissioner being required to obtain the sanction in writing of the Sanitary Commissioner for his tour. If the Offg. Sanitary Commissioner thought it necessary that I should submit to him a programme of my tour it was open to him to have asked me to do so on two occasions and I would have gladly complied with such a request. If the Offg. Sanitary Commissioner considered my going to Thirthahally irregular, he could have asked for an explanation from me before reporting against me to the Government. If the Government at least had been pleased to call for my explanation before paasing the proceedimgs I would have made the facts clear to them.

7. In my service of over 16 years, I have never been found fault with for not showing the courtesy due to the Head of my Department.

8. Taking into account all the above facts, I request that you will be so kind as to forward to the Government this letter with your support so that I may be absolved &&& from all blame in the matter.

"C o p y"

C. J. Achyutha Rao

Sanitary Commissioner.
